

## 1. IDENTIFICATION OF THE MIXTURE AND OF THE COMPANY/UNDERTAKING

### 1.1. Product identifier

Trade Name:

**VAICO Cleanscreen WINTER**

VAICO No.:

V60-0123, V60-0124, V60-136, V60-0137, V60-0138

### 1.2. Informing department

VIEROL AG | Karlstraße 19 | 26123 Oldenburg | Germany

Telefon +49 441 - 210 20-0 | Telefax +49 441 - 210 20-111

## 2. PROPERTIES

During the cold season, VAICO Cleanscreen Winter prevents the windscreen washer system from freezing and ensures proper view at all times thanks to the product's excellent cleaning effect. The cleaner removes all grease and road salt residue without causing damage to rubber parts or the paintwork. VAICO Cleanscreen Winter is suitable for fan nozzles and use on polycarbonate panes. The insect removing agent makes the concentrate ideal for all-year use. Mixing ratio for summer: Add approx. 50-100 ml of concentrate to 1 l of water. VAICO Cleanscreen Winter is free of methanol. As the product is a watermixable liquid with a flash point above 21°C, the product is not subject to the regulations of the German Flammable Liquids Regulation VbF.

## 3. USE INSTRUCTIONS

Add VAICO Cleanscreen Winter to the water in the windscreen washer system, observing the instructions in the mixing table below and the actual temperature conditions. It is important that the concentrate cleaner is properly mixed with the water. To do this, actuate the windscreen washer once or twice to fill all lines to the spray nozzles with the cleaning agent.

## 4. MIXING TABLE

	Antifreeze (approx.)	Water	VAICO Cleanscreen Winter
Mixture	-30°C	1	2
Mixture	-20°C	1	1
Mixture	-10°C	2	1

The above values may vary within commercially accepted tolerances

### 4.1. Ingredients according to EU recommendation:

> 30% alcohols

< 5% anionic surfactants
